I am a **Frontend Developer with 1.9 years of full-time experience and 6 months of Freelance experience** in creating responsive, mobile-friendly web applications using **React, JavaScript, HTML, CSS, Tailwind CSS and Bootstrap**. Skilled in **REST API integration, state management (Redux, Context API), and performance optimization**, with a proven ability to **translate Figma designs into production-ready applications**. Passionate about building scalable, modern interfaces that deliver seamless experiences across all screen sizes. Continuously upgrading skills by working on modern projects in **TypeScript**. **Immediate joiner**.

WORK EXPERIENCE

React Developer **December 2025 – Present**
Hachion *Delhi*

- Hachion is an online learning and technology training company focused on providing skill-based education.
- Working as a **React Developer**, building responsive and user-friendly web interfaces using **React.js, Modular CSS, Bootstrap**.

Front End Developer **September 2022 – May 2024**
Maco Infotech *Delhi*

- Developed and maintained large-scale applications including an Asset Management Software and an ERP Software using **JavaScript, HTML, CSS, Bootstrap, and jQuery**.
- Designed and launched a Family Hospital website from scratch with **React and Tailwind CSS**, providing a modern, scalable, and user-friendly solution.
- Collaborated within a team to develop a Hotel Management Application using **React.js, JavaScript, and Bootstrap**, with **LocalStorage** for client-side data persistence.

FREELANCE / CONTRACT PROJECTS

React.js Developer (Freelancer) **February 2025 – April 2025**
Opinion Universe *Remote*

- Built a fully responsive, mobile-first web application using **React and Tailwind CSS**, integrating **REST APIs, Google Authentication, and Redux** for secure login, real-time data handling, efficient state management, and translating Figma designs into scalable, cross-browser-compatible interfaces.

React.js Developer **September 2024 - January 2025**
Freelancer *Remote*

- Developed a responsive Admin Panel using **React and Bootstrap with Context API** for efficient state management, integrating **REST APIs** for real-time functionality and optimizing performance for large datasets through **table virtualization** to improve load times and usability.

Web Developer (Contract) **August 2025 – September 2025**
Abaca Systems Private Limited *Remote*

- Converted Adobe XD designs into pixel-perfect, responsive HTML pages using CSS for all screen sizes, with a focus on large-screen optimization.

TECHNICAL SKILLS

Programming Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3, jQuery
Frameworks & Libraries:	React.js, Tailwind CSS, Bootstrap, Modular CSS, Context API, Redux
Tools & Platforms:	Git, VS Code, Chrome DevTools, NPM/Yarn, Figma, Adobe XD
Others	REST API Integration, Responsive Web Design, Figma to Code, Performance Optimization

EDUCATION

Masters in Computer Applications (Online) **2023 – 2025**
Chandigarh University

LEARNING PROJECTS

Role based Management App | **React, Javascript, Redux, LocalStorage, Tailwind CSS**

- Developed the application independently, implementing role-based access control and dynamic page rendering to deliver customized user experiences.
- Live Demo: role-based-management.vercel.app | GitHub: github.com/role-based-project-management

Calendar Task Management App | **React, TypeScript, Interact.js, LocalStorage**

- Built a Google Calendar-like app where tasks can be created, dragged, and resized to update their time using Interact.js.
- Live Demo: task-manager.vercel.app | GitHub: github.com/task-manager

Figma-to-Responsive Website | **HTML, CSS, Bootstrap**

- Converted a Figma design into a fully responsive web application with mobile-first design and cross-browser compatibility.
- Live Demo: lead-crm.vercel.app | GitHub: github.com/lead-crm-project
